

Test PDF Document for Monitoring

Generated: 2025-09-07 22:04:55

Content:

- Simple text for testing PDF file deletion issue
- This file should remain in storage after processing
- Expected behavior: File persists after Docling processing

Test Scenarios:

1. Upload monitoring during processing
2. File existence tracking every 2 seconds
3. Identify exact moment of file deletion
4. Verify storage persistence
